

## EXPULSION OF FIVE SOCIALIST ASSEMBLYMEN FROM EXTRAORDINARY SESSION IS REQUESTED IN RESOLUTION SPONSORED BY COL. GILLET

Report on Resolution, Referred to Judiciary Committee on Motion  
of Majority Leader Adler, Will Be Made a Special Order  
of Business in Assembly Today

## HOUSING SHORTAGE SITUATION FOREMOST

Seven Special Messages Recommending Emergency Legislation on  
Subjects Other Than Housing Are Transmitted to Leg-  
islature by Governor Smith

Albany, Sept. 20.—Colonel Ransom H. Gillet, Republican mem-  
ber of assembly from Columbia county, tonight introduced a resolu-  
tion in the assembly in extraordinary session, asking that the five So-  
cialists reelected last Thursday to fill the vacancies caused by their  
expulsion last April, be excluded from the extraordinary session. The  
resolution was referred to the judiciary committee.

The reference to the judiciary committee was made on motion of  
Majority Leader Adler.

Louis Waldman, one of the Socialists, representing the eighth New  
York district, raised a point of order on the reception of the resolu-  
tion. Assemblyman Cuvillier raised the issue that Waldman was not  
a member of the legislature.

Speaker Sweet ruled that if Waldman had taken the oath of of-  
fice, he was a member. The speaker was sustained by the house on  
an appeal from the ruling.

Waldman's point of order was that the resolution offered by Col-  
onel Gillet was not a privilege resolution and that it was not in  
order. Speaker Sweet ruled the order not well taken.

The resolution will be reported by the judiciary committee to-  
morrow at 11 o'clock and will be made a special order of business.

### Oath Illegally Administered.

New York, Sept. 20.—Officials  
of the board of election declared tonight  
that no certificates of election had  
been issued to the five Socialist as-  
semblymen who were ousted by the  
legislature last winter and were re-  
ported to have taken the oath of of-  
fice in Albany today after having been  
re-elected in Thursday's special elec-  
tion.

The election officials pointed out  
that the board of canvassers will not  
act until tomorrow and it is prob-  
able whether a canvass of the  
votes will be completed and a return  
made to the secretary of state in time  
to seat the Socialist assemblymen at  
the special session of the legislature.  
No certificates of election can be is-  
sued, they explained until after a vote  
is canvassed.

After the vote has been canvassed,  
it was explained, a county clerk, who  
is secretary of the board, informs the  
secretary of state of the result, where-  
upon he issues a certificate of elec-  
tion. The assemblyman with his cer-  
tificate of election then appears before  
the assembly and takes the constitu-  
tional oath of office. The reported ac-  
tion of the secretary of state in ad-  
ministering the oath to the ousted  
Socialists is contrary to law, election  
officials here said. The duty, they said,  
devolves upon the speaker of the  
assembly.

### Stimulation of Building

Urged by Governor Smith

Albany, Sept. 20.—Strengthening  
of temporary statutes enacted by the  
legislature to meet the housing  
shortage situation, stimulation of  
building construction and permanent  
housing policies are recommended by  
Governor Smith to the extraordinary  
session of the legislature convened to-  
night to consider the housing problem.  
In the message the governor re-  
viewed the work of the recent legis-  
lature in enacting measures de-  
signed to render temporary alleviation  
of the difficulties, and said two vital  
objects were overlooked: the encour-  
agement of building construction and  
the adoption of the state policy look-  
ing to the future study and develop-  
ment by the state of the question of  
housing facilities.

Experience of several months has  
"called to us," the message states,  
the weakness of the temporary ex-  
pedites and has made more acute the  
necessity for encouragement of build-  
ing operations so far as it can be done  
by law, and the creation of state  
agencies for future use. We therefore  
have three distinct branches of the sub-  
ject with which to deal.

First, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Second, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Third, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Fourth, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Fifth, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Sixth, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Seventh, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

Eighth, the strengthening of the tem-  
porary statutes enacted at the recent  
session.

after he offered to the highest bidder.  
October 1 was to be the height of the  
harvest. The state should step in and  
use its power to dispossess them.  
"I believe the emergency to be such  
that the strong arm of the state must  
reach through its court and protect  
the people for at least one year until  
the crisis shall have passed or the sit-  
uation is relieved.

### Housing Shortage General.

"The second phase of the question  
before us is how to stimulate building  
construction. The housing shortage is  
felt not only in the city of New York,  
but all cities of the state are passing  
through the same difficulties. In New  
York city at least 50,000 homes are  
immediately necessary.

"A very vital element in the carry-  
ing out of a newly constructed build-  
ing is the taxation to which it is sub-  
ject. While I do not, as a matter of  
policy, favor tax exemptions, the  
emergency is such at the present time  
that it might be well to consider the  
enactment of a law exempting from  
taxation for a period of years, with  
proper restrictions, buildings used for  
dwelling purposes whose construction  
is undertaken within such a period as  
will insure an immediate increase in  
housing accommodations. I believe  
this will aid in putting new construc-  
tion on a fair competitive basis with  
buildings erected before the war and  
will assist in creating market for new  
building.

"Much has been said about the ex-  
emption of mortgages from the provi-  
sions of the state income tax. The  
state tax is very small and we can  
give no guarantee of federal legisla-  
tion along the same lines. I therefore  
do not place much faith in this sug-  
gestion as offering any great remedy.

### Cites Credit Advances.

"Undoubtedly," the message con-  
tinues, "the state as well as the munici-  
palities should be in a position to  
extend credit either through the me-  
dium of the state land bank or a spe-  
cially created agency.

"There is one avenue of possible  
direct state aid in an emergency which  
might be applied at once. The state,  
apparently owns considerable prop-  
erty that were acquired by escheat or  
were bought in at tax sales. It might  
be well to direct the comptroller either  
to arrange favorable short term  
leases or dispose of the property if it  
is to be used for housing, as such  
prices as will encourage its develop-  
ment.

"We now come to the third consid-  
eration provision for a permanent  
housing policy.

"Any attempts to amend the present  
tenement house law are likely to be  
viewed with alarm and suspicion if  
they are aimed at details and specific  
sections of the law. It is, however,  
probable that the law can be made to  
fit present conditions, if it is applied  
with greater elasticity. I would there-  
fore recommend as an aid to the con-  
struction of multi-family homes that  
there be created for the tenement  
house department a board of appeals  
similar to or identical with the one at  
present functioning for the building  
department in the city of New York.

### Recommends Housing Boards.

"To this end I recommend a law  
which will create in each community  
having a population of over 10,000 a  
local housing board which shall be  
charged with the duty of finding a  
solution for the local housing situa-  
tion. These boards should be recom-  
mended to the local authorities to be  
determined by the local authorities as  
to the future development of the  
city and should consider local

housing ordinances. A state agency  
should be created and the local board  
should be required to report to it at  
stated intervals so that there may  
be available at all times a body of in-  
formation applicable to this situa-  
tion.  
"The state agency, on the other  
hand, should first of all be directed to  
report to the new legislature on a  
method for the development of a  
system of state credits for housing pur-  
poses. Through the state agency in-  
formation should be made available  
for local communities that should aid  
them in their housing program.  
"The permanent fruits of this emer-  
gency should be written on the records  
which this state has made for pro-  
gressive laws affecting human needs.  
It takes a serious emergency to bring  
a realization of deficiencies. The op-  
portunity is yours to remedy them."

### Seven Other Special Messages.

Seven special messages recommend-  
ing emergency legislation on subjects  
other than housing were transmitted  
by Governor Smith to the extraor-  
dinary session of the legislature that  
was convened tonight for the primary  
purpose of considering the housing  
problem.

The message urges legislation  
amending the law providing for the  
transfer of the New York quarantine  
station to the federal government so  
as to permit the sale of the personal  
as well as the real property.

Another asks that the legislature  
consider Mayor Hyman's suggestion  
for the establishment of municipal  
motor bus lines in New York city.

A third urges an amendment to the  
public service commission law so that  
the commission may have the power  
to suspend increased rates on all  
public utilities, a power that is now  
limited to rates of common carriers.

Another message asks an appro-  
priation for the construction of a hos-  
pital to treat veterans of the World  
war who are suffering from mental  
disorders. There are 845 such cases  
in the state at present.

### For Waterworks Emergency.

A fifth message asks for an increase  
in the appropriation for the salary of  
a psychiatrist at the Bedford reform-  
atory, the recent legislature having  
voted only \$1,200 a year for the pur-  
pose.

"The sixth message deals with an  
emergency in the city of Watertown,  
where as a result of a change in the  
form of city government, the assessor  
ment now proceeding for next year's  
taxes is void, and recommends legisla-  
tion that will remedy existing defects  
and provide for a valid assessment  
roll.

The final message recommends the  
passage of an act to provide for the  
preparation of an official analytical  
subject and section index of the civil  
practice act, surrogate's court act,  
judges court act, court of claims act,  
and other civil practice provisions con-  
tained in the consolidated laws and  
rules of procedure adopted by the  
convention to adopt rules in relation  
to civil practice.

Albany, Sept. 20.—Eleven recom-  
mendations for legislation were con-  
tained in the report submitted to the  
extraordinary session of the legisla-  
ture tonight by the special joint leg-  
islative committee on housing, of  
which Senator Charles C. Lockwood  
of Kings is chairman. The report fol-  
lowed closely Governor Smith's hous-  
ing message. The recommendations are:

One—Enactment of a bill exempt-  
ing interest on mortgages from the  
state income tax.

Two—That the legislature memo-  
rialize congress to exempt interest on  
mortgage holdings from taxation un-  
der the federal income tax law.

Three—Enactment of a bill grant-  
ing to the local authorities the right  
to exempt from taxation for local pur-  
poses for a period ending January 30,  
1922, all new buildings erected ex-  
clusively for housing, provided con-  
struction is commenced before Octo-  
ber 1, 1921, and the premises ready  
for occupancy before April 1, 1922.

Four—The creation of local hous-  
ing boards, to be appointed by the  
mayors of the various cities.

Five—Enactment of a bill making  
bonds of the state land bank a legal in-  
vestment for state and local sinking  
funds.

### Cites Unlawful Combination.

Six—Memorializing congress to  
enact necessary legislation to grant to  
the transportation of building materi-  
als a priority subsequent only to that  
of food and coal, and to place an em-  
bargo on shipments of building ma-  
terials to foreign countries.

Seven—Memorializing congress to  
provide for an immediate investigation  
of the charges that certain manufac-  
turers and producers of building ma-  
terials have entered into unlawful  
combinations and are engaged in meth-  
ods of business calculated to maintain  
the prevailing prohibitive cost of  
such materials.

Eight—Recommendations by the  
committee of said bills as in its judg-  
ment will protect tenants as have re-  
ceived notice to move on October 1,  
tend to prevent the granting of num-  
erous short stays in holdover pro-  
ceedings and prevent longer stays,  
eliminate the 25 per cent clause so  
that the burden of proving an in-  
crease of rent is reasonable in all  
cases will be upon the landlord, who

## DENY FEEDING MACSWINEY

"Still Conscious and a Little Bright-  
er" Reported Condition  
of Lord Mayor.

London, Sept. 20.—The question  
whether Lord Mayor MacSwiney is  
being fed is answered by the home  
office with "if he is, we do not  
know it."

London, Sept. 20.—Although a  
little brighter this evening than he  
was in the morning, there is no  
material change in Mayor Mac-  
Swiney's condition, according to  
the League bulletin issued at 10  
o'clock tonight. He is still con-  
scious.

is in possession of all the information  
and who, in a bill of particulars, will  
be required to furnish the court and  
the tenant facts as to his income,  
maintenance and cost of operation.  
make various amendments to pro-  
cedural provisions of the code tend-  
ing to facilitate the administration of  
the laws and protect both the land-  
lords and the tenants in their rights.  
except new buildings from the pro-  
visions of the rent laws, it having  
been claimed by some that the laws  
deterred new building.

### Considers Fire Hazard.

Nine—Amend the tenement house  
law so that variations from the letter  
but not the spirit of the law may be  
permitted in order that construction  
and reconstruction to additional hous-  
ing facilities may be promoted with-  
out increasing the fire hazard or less-  
ening sanitary provisions.

Ten—Amend the Greater New  
York charter granting the superin-  
tendents of buildings in the various  
boroughs power to refuse a permit as  
to future acquired properties to de-  
molish a building used for dwelling  
purposes if in the opinion of the su-  
perintendent it is in the public inter-  
est to continue the use of such a  
building for dwelling purposes; an ap-  
peal may be taken from the decision  
of the superintendent to the board of  
appeals.

Eleven—Amending the resolution  
creating the legislative housing com-  
mittee so as to enlarge its scope and  
powers in order to aid the completion  
of its work.

Bills and resolutions to carry out  
the recommendations of the commit-  
tee accompanied the report, which  
was read in the legislature tonight.

The report, an exhaustive document,  
followed closely the lines of Gov-  
ernor Smith's housing message.

## Housing Problem Text of Governor's Message

Albany, Sept. 20.—The extraor-  
dinary session of the legislature, called  
by Governor Smith for the primary  
purpose of considering legislation de-  
signed to alleviate the housing situa-  
tion, got under way tonight with the  
reading of the governor's message out-  
lining his housing problem and the  
submission of the report of the joint  
legislative committee appointed to  
study the housing problem.

In the senate the bills embodying  
the recommendations of the committee  
were introduced and referred to the  
committee on cities, and a hearing on  
the measures was fixed for next Tues-  
day afternoon. None of the measures  
were introduced in the assembly at  
tonight's session.

The remedial legislation purpose is  
designed to exempt income from mor-  
gages from the provisions of the state  
income tax law as well as exempt  
new construction for dwelling pur-  
poses from taxation for a period of  
years expiring in 1922, to protect ten-  
ants from profiteering landlords, to  
amend the tenement house law so as  
to provide for additional housing ac-  
commodations, to provide for the  
creation of state and local housing  
boards, to make bonds of the state  
land bank legal investments for state  
and municipal sinking funds, to me-  
morialize congress to exempt mort-  
gage incomes from the provisions of  
the federal income tax law, to enact  
legislation to grant priority in ship-  
ments of building materials and to  
place an embargo on export of such  
materials to foreign countries, and to  
provide for a congressional investiga-  
tion of allegations that manufacturers  
of building materials had conspired to  
maintain prohibitive prices for their  
produce.

### Opposes Tax Exemption.

Senator Frederick M. Davenport of  
Oneida, chairman of the committee  
on taxation and retrenchment, vigor-  
ously opposed the motion of Majority  
Leader J. Henry Walters to refer all  
the bills and resolutions to the com-  
mittee on cities. He declared that the  
measures affecting the laws aimed a  
blow at the taxation system of the  
state and that they should be con-  
sidered by the committee.

The proposed income tax exemp-  
tion on incomes from mortgages, he  
said, had been considered at length  
by the taxation committee last year  
and had been rejected.

"We know all about that bill," he  
said.

Senator Walters argued that it was  
desirable that all the bills be con-  
sidered in one committee and that the  
measures affecting the cities they  
should be referred to the committee  
on cities. He was supported by Mem-  
ber Leader James J. Walker.

Senator Walters told the senate that  
tomorrow and Wednesday would be  
legislative days and that a hearing on  
all the bills would be given by the  
joint cities committee in the senate  
chamber Thursday afternoon. It was  
hoped, he said, that the entire hous-  
ing program might be acted into

## ANOTHER MAN DIES

Thirty-fifth Victim of Wall Street  
(New York) Catastrophe Suc-  
cumbs to Injuries He Suffered

New York, Sept. 20.—Statements  
by two men, one of whom claims to  
have seen the "death wagon" which  
carried the explosives, standing near  
the assay office at 10:30 a. m. Thurs-  
day, one and one-half hours before  
the explosion occurred, and the other  
who claims to have seen three men  
running away from the scene just  
before the blast, furnished the most  
important developments today in the  
several investigations that are being  
made of the recent disaster caused by  
a bomb explosion in Wall street.

William Peterson, 29 years old, of  
Brooklyn, N. J., died at the Broad street  
hospital tonight from injuries received  
in the explosion. He was the thirty-  
fifth victim.

### One Day's Developments.

Among other developments today  
were:

Announcement by the district at-  
torney's office that Edwin P. Fischer,  
lawyer, and former employee of the  
French high commission, who sent  
post card warnings of the disaster  
from Toronto, had virtually eliminat-  
ed himself from any dire knowledge  
or complicity in the case after eight  
hours' questioning.

Receipt of a warning by William H.  
Edwards, collector of internal revenue,  
that an attempt would be made to  
destroy the customs house at 2 o'clock  
tomorrow. This is regarded by the  
police as a hoax.

Identification of the hitherto un-  
identified body, previously believed as  
probably that of the driver of the ex-  
plosive laden wagon, as that of Elmer  
W. Ehrer, an unemployed chauffeur  
and lack of evidence connecting him  
with the crime.

Release of Alexander Brailovsky, a  
Russian journalist, who was arrested  
on a technical charge of being an un-  
desirable alien after he admitted hav-  
ing been seen in the vicinity of Broad  
and Wall streets shortly after the ex-  
plosion took place.

### Hunt Cache of Explosives.

Search by federal agents of a re-  
ported cache of explosives on Plum  
beach island, a government reserva-  
tion off Sheepshead bay, where a quan-  
tity of TNT was found in an abandon-  
ed vessel several months ago.

Joseph Meads, an agent of the So-  
ciety for the Prevention of Cruelty  
to Animals, is the man who claims  
to have seen the "death wagon" in  
Wall street at 10:30 Thursday morn-  
ing.

Police attach considerable impor-  
tance to Meade's statements and are  
using the materials he furnished in  
their investigation into the identity of  
the wagon and its driver.

Information that three suspicious  
looking men were seen running from  
the scene was furnished by Samuel B.  
Wellington, president of the West In-  
dies Trading company. He declared  
he left a lawyer's office in Wall street  
a few minutes before noon Thursday  
and as he did, he heard voices calling:

"Shurry, beat it, get out of this." He  
looked across the street and saw two  
middle aged men, who looked to him  
"like East Side peddlers heckoning  
and calling to a third man who was  
on the other side of the street nearer  
the assay office and across the street  
from the Morgan bank. The third  
man, believed to be about 60 years  
old, and described as "greasy" look-  
ing, was then peering into the ram-  
pant wagon at the curb.

In response to the call of the others,  
the third man, Mr. Wellington said,  
started to run after them toward Wall  
street. He took them for bond  
thieves, and expected to see them  
chased by a policeman. When he  
reached the corner of Nassau street,  
he was knocked unconscious by the  
explosion. Mr. Wellington has been  
summoned as a witness before the  
September grand jury.

At the conclusion of Fischer's ex-  
amination tonight, he was sent to the  
psychopathic ward of the Bellevue hos-  
pital for observation. If adjudged in-  
sane, measures will be taken to have  
him committed to an insane asylum.  
Fischer was announced by the district  
attorney's office.

Secret service operatives declared  
Fischer had been investigated four  
years ago and found a "harmless let-  
ter writer." He is alleged to have  
sent President Wilson several "crank"  
letters in 1915, posing as a religious  
pacifist and calling upon the President  
to stop the war and by doing so put  
an end to the "slaughter of human  
beings." No action was taken against  
Fischer at that time.

Law in time for final adjournment on  
Friday.

The bills are expected to be intro-  
duced in the assembly tomorrow. The  
lower house will not have a real leg-  
islative day, however, as the disposi-  
tion of the cases of the five Socialists  
members who appeared in the cham-  
ber last night, having been re-elected  
last week to fill the vacancies caused  
by their own expulsion from the as-  
sembly last spring, will come up to-  
morrow.

## PROMISES BETTER LIVING CONDITIONS

Franklin D. Roosevelt, Democratic  
Vice Presidential Nominee, Opens  
New York State Campaign

Albany, Sept. 20.—Several thou-  
sand people filled Union hall here to-  
night to hear Franklin D. Roosevelt,  
Democratic vice presidential nominee,  
make the principal address of the first  
day of his New York state campaign.  
Mr. Roosevelt devoted most of his  
speech to discussing subjects relating  
to the cost of living.

Blaming the present Republican  
congress largely for having taken no  
action to ameliorate conditions, Mr.  
Roosevelt said that if the Democratic  
party is successful at the polls in No-  
vember, he and Governor Cox, as  
vice president and president, respec-  
tively, propose to take immediate  
action.

"While it is not to be expected that  
such action will reduce the cost of  
living to the point where it was in  
1914," he said, "it will be of material  
benefit to every individual and to  
every family."

He then made six concrete pro-  
posals of measures to improve living  
conditions throughout the country.  
They were:

"Increased food production by open-  
ing up at once, and on a large scale,  
millions of acres of land now unpro-  
ductive."

"Make farm life more attractive  
and direct an intensive campaign to  
provide better living conditions in the  
country districts."

"Improve transportation facilities  
in order that the products of the  
farms may be more quickly and more  
cheaply brought to the consumers."

"Eliminate many of the unneces-  
sary hands through which articles at  
the present time pass between the  
man who produces and the man who  
consumes the articles."

"Change the present ineffective laws  
regarding profiteering, so that the  
public may be assured that selfish in-  
dividuals will not line their pockets  
out of undue profits made from the  
necessities of life."

"Provide such regulation of com-  
modities like coal that the average  
citizen may be assured that the sup-  
ply will be adequate and the price  
reasonable."

He declared that the Republican  
candidates offered "no such definite  
program for relieving conditions as  
this one. The Republican party, he  
declared, offered solutions only in  
"terms of glittering generalities."

### WATCH FOR COUNTERFEITERS.

Albany, Sept. 20.—Corporal Her-  
rick of Troop G and a detail of state  
police are at the Malone fair, attempt-  
ing to trace the source of several  
counterfeit bills which have been passed  
to concession men. Two \$10 notes  
and two \$20 bills, one on a Red Hook,  
N. Y., bank, were discovered to be  
phony. It is believed that the passer  
is the same individual who worked  
similar here two weeks ago on the  
Albany Garage company and at Dr.  
F. N. Tate's bowling academy.

### TEX McLAUGHLIN DIES.

Syracuse, Sept. 20.—Harry J. "Tex"  
McLaughlin, who was struck by the  
propeller of his airplane while per-  
forming stunts 1,000 feet above earth  
at the New York state fair grounds,  
Saturday afternoon, died tonight. He  
was 23 years old and born at Beacon,  
N. Y. He resided for many years at  
Groton, Conn., and during the war  
served as an instructor at Kelly field,  
Texas.

### "JACK" NOW AN ORDERLY.

Leavenworth, Kan., Sept. 20.—Jack  
Johnson, former heavyweight boxing  
champion, brought here yesterday to  
serve a sentence of a year and a day  
for violation of the Mann act, has  
been made orderly of the prison base-  
ball park. His duties are to keep the  
athletic grounds in good condition,  
later on, according to the warden, he  
will be made director of athletics.

## HARDING FEARS WAR

Warns Delegation of Kentucky  
and Tennessee Citizens of Hid-  
den Dangers in Article X

San Diego, Cal., Sept. 20.—Charges  
of a biased press were made by Gov-  
ernor Cox of Ohio, Democratic presi-  
dential candidate, in addressing a large  
audience here today.

"A great many reactionary papers  
are not printing the news" (of the  
campaign), Governor Cox asserted.  
"They decline to have this case tried  
before the jury. Nine-tenths of the  
newspapers in California do not print  
the news."

"One of the deliberate plans of the  
senatorial oligarchy," said Governor  
Cox, "was to control as many news-  
papers as possible."

The general charge was supplement-  
ed by the governor with particular  
criticism of newspapers of Pacific  
northwest states, which he visited re-  
cently, and of California papers. Some  
of the former, he said, did not carry  
his speech of acceptance.

The governor presented what he  
termed his " Gospel of progress and  
peace among men," to a large theatre  
audience.

Governor Cox reiterated that he in-  
tended to enforce the prohibition act.  
Stating that specific northwest news-  
papers had tried to divide progress-  
siveness and the liquor question, he  
shouted "the eighteenth amendment"  
had been adopted, its going to be en-  
forced." Stamping his feet while the  
audience applauded, he asked his  
audience when "people come and say  
that Cox is alright, but a little damp"  
to remember his record in securing a  
saloon Sunday closing law in Ohio  
prior to real prohibition.

Miss Richmond is telling of the due results received from using the popular remedy, Woman-Hood Tonic, was warm in her praise of this fine medicine.

"My case had been pronounced chronic," she says, "after over two years of suffering I hardly knew what it was to be without a severe headache, nearly always accompanied by dizziness. My nerves were constantly on edge and my condition was becoming rapidly worse. My muscles would twitch and I seemed to have lost control over myself. I suffered

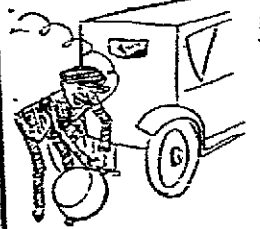

all the agencies. I think that woman's troubles cause a friend persuaded me to try Woman-Hood Tonic as it had helped her so much. Its effect upon me was a great surprise. My headaches left me entirely, today I have no more hot flashes. I have broken all records in eating and I sleep like a rock, never waking up at night. My complaints are steadily growing better and I can credit it all to one thing, that unexcelled remedy, Woman-Hood Tonic.

Woman-Hood Tonic is sold by Slade's Drug company in Oneonta.

## OH, YOU PETE:

Remember Ratty Waters who tied the dishpan under Prof. Bunn's car at Princeton? He's more seriously inclined now—sells high grade bonds! Ran smack into Ratty as he was hustling for his a. m. fodder with a Camel cigarette perched between his lips and looking as happy as a turtle on a log! It's a pretty art—this opening up the morning with a Camel!

Well sir, Pete, what Ratty rattled into my rafters would supply Camel selling stuff for a year! "There's nothing to this cigarette game but Camels," said Ratty. "Their mellowness is a revelation and I never did run into such mildness in my life! And, when you figure that Camels have ALL the "body" any smoker wants—well, I just marvel that such a cigarette could be made! Ever get such refreshing flavor?

For instance, Ratty spread this:—"Shorty, I can't stand the usual unpleasant cigarette aftertaste and unpleasant cigarette odor! Camels are free from both! (100 per cent. O. K., Pete!) And, they never tire my taste! When you pass by Camels you have slipped by your smoke signals!

Tried to get Ratty to put some of that sales talk on paper, but he came back:—"You tell 'em, old kettle—you've got the spout!

Pete, Camels won Ratty's favor like they've won thousands of others! They'll win any man who gives them a chance!

A striking photograph illustrating the democracy and popularity of King Alfonso of Spain, showing the fisherwoman Paulite embracing the king at Santander, Spain, just before he left for Sebastian to preside at the League of Nations session.

was Matt's fifth straight victory since joining the local team. Gardner drove in six of the league leaders' runs with two triples and a single. His first triple came in the third inning with the bases full. The other was made in the seventh with two men on bases and one out. With two down in the fifth, his single scored Speaker, who had doubled. On neither occasion did the third baseman score.

Sensational holding by the Red Sox characterized the game. Harry Cooper cut down two men at the plate.

## RAILS AGAIN LEAD MARKET INQUIRIES

Events Over Week-End, However, Impose Occasional Restraint on Bullish Operations

New York, Sept. 20.—The week on the stock exchange began with a resumption of the recent comprehensive inquiry for railroad and oil shares at irregularly higher quotations, various issues also strengthening. Notable gains of one to five and one-half points were registered by such as Crucible Steel, Atlantic Gulf, Writing Paper, preferred, American Tobacco and Mexican Petroleum. Ralls fell back on profit taking in the final hour and some of the specialties, notably leather, lost ground on rumors of prospective dividend reduction.

Events over the week-end, including the enormous expansion of clearing house loans, imposed occasional restraint on the bullish operations of pools. A survey by the department of labor, showing a decrease in the number of employees of the country's leading industries for August may have accounted for the backwardness of steel, equipments, and kindred stocks. Better freight conditions were reported by railroad officials at western and southwestern terminals, but these were tempered by advices from the same section suggesting greater caution in purchases of general merchandise.

Financial interests again stressed the need of conserving credits, but this attitude had no perceptible influence upon the call money market which ruled at seven per cent. Domestic bonds, including rails and Liberty bonds, were firm, but international bonds moved contrarily. Old U. S. bonds were unchanged on call.

## SAYS LEAGUE OF NATIONS HAS PROVED WORTH WHILE

(By The Associated Press)

Paris, Sept. 20.—The League of Nations, through its intervention in the Aland Islands question, between Sweden and Finland, has proved its right to live as an effective means of preventing future wars growing out of international disputes, Hjalmar Branting, prime minister of Sweden, said Sunday.

"I will not use the word 'war,' but the situation between Sweden and Finland was tense," Premier Branting declared.

## CORNELL SUSTAINS BLOW.

Ithaca, Sept. 20.—Cornell varsity football prospects sustained a blow today with the written announcement by John Schuler, captain and fullback, that he will not return to school this year. Schuler gave as his reason disappointment at the treatment which he declares was accorded him by the faculty of the college of arts and sciences, by whom he was placed on probation because of his work last year.

## KILLS HER BABY, THEN SELF.

Lyndonville, Vt., Sept. 20.—Mrs. Merle Pierce and her four months' old baby were found dead in bed Sunday morning, of bullet wounds from a .25 calibre revolver. The authorities expressed the belief that the woman had shot the child and then herself, in a fit of despondency resulting from illness. She was 25 years of age.

## A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Oneonta people.

Mrs. Minnie Arnold, 39 Dietz street, Oneonta, says: "I suffered terribly from a dull, constant pain across my back and loins. Specks appeared before my eyes, blurring my sight and I also had dizzy spells. I could hardly stand when I had such attacks. I used Doan's Kidney Pills and they did me a lot of good. I gladly recommend Doan's to anyone needing a kidney remedy, for they are all they are claimed to be."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Arnold had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## Deaths at Davenport Center

Two Motor Cars Collide Monday with Disastrous Effect to Both.

Davenport Center, Sept. 20. — This morning, as Ira Pierce was turning into the church yard at this place on an errand with his Ford car, he gave as he steered, the usual signal that he would turn from the main road, but just as he was turning from the road to the yard he was struck by a Maxwell car driven by Lamont Jones of Davenport. Both cars were much damaged, Mr. Pierce's car having a broken axle, and the Jones car, which crashed into and broke off a telephone pole, afterwards colliding with a maple tree, being badly smashed. Neither of the occupants of the cars were hurt.

## Odd Fellows at Davenport

Sunday evening, about 30 members of the I. O. O. F. of Davenport, with their families attended church service at Davenport Center, where Rev. ## Until He Took "Fruit-a-tives" Or Fruit Liver Tablets

R. R. No. 1, Loxme, Oax.

"For over three years, I was confined to bed with Rheumatism. I treated with doctors and tried nearly everything without benefit.

Finally, I tried 'Fruit-a-tives'. Before I had used half a box, I saw improvement; the pain was easier and the swelling started to go down.

I continued taking this fruit medicine, improving all the time, and now I can walk about two miles and do light chores about the place."

## THEIR GOLDEN WEDDING

Many Attend Fiftieth Anniversary of Well-Known Residents of Colliers.

The golden wedding anniversary of Mr. and Mrs. Edgar Alger was celebrated on Saturday last at their home in Colliers. Many relatives and friends were present, including all their children and descendants, and all sat down at noon to a delicious chicken pie dinner cooked and served by the bride of fifty years ago. Following the dinner, to which all did abundant justice, a substantial purse of gold was presented Mr. and Mrs. Alger, in behalf of the guests. The presentation speech was made by Mrs. Delevan, Ceperley of Oneonta Plains, and fitting responses were made by Mr. and Mrs. Alger, after which the favorite hymn of the venerable couple was sung.

Guests were present from Oneonta, Otego, Gilbertsville, Masonville, Ilion, Delancey and West Davenport. The two children and seven grandchildren of Mr. and Mrs. Alger were all present.

## DOINGS AT DAVENPORT CENTER

Two Motor Cars Collide Monday with Disastrous Effect to Both.

Davenport Center, Sept. 20. — This morning, as Ira Pierce was turning into the church yard at this place on an errand with his Ford car, he gave as he steered, the usual signal that he would turn from the main road, but just as he was turning from the road to the yard he was struck by a Maxwell car driven by Lamont Jones of Davenport. Both cars were much damaged, Mr. Pierce's car having a broken axle, and the Jones car, which crashed into and broke off a telephone pole, afterwards colliding with a maple tree, being badly smashed. Neither of the occupants of the cars were hurt.

## Odd Fellows at Davenport

Sunday evening, about 30 members of the I. O. O. F. of Davenport, with their families attended church service at Davenport Center, where Rev. George Summerson was the speaker of the evening, giving the history of the order in America. Rev. Mr. Cornell of Davenport was present and gave the scripture reading; and Allen Haig of East Meredith, who is a student for the ministry, offered prayer. Special music was rendered and the service was throughout of exceptional interest.

## Women of Middle Age

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change in her life without experiencing a train of very annoying and sometimes painful symptoms. Those dreadful hot flashes, smothering spells, fainting spells, nervous troubles and irregularities are symptoms that should have prompt attention. These two letters prove what a successful remedy Lydia E. Pinkham's Vegetable Compound is for women at this time of life.

## These Two Women Helped During Change of Life.

Taunton, Mass.—"I could not eat or sleep for six months, had fainting spells and could not walk without help for three months caused by female trouble. My cousin, who was a doctor, told me to take Lydia E. Pinkham's Vegetable Compound and it helped me greatly. Then during the Change of Life I used the same remedy. I am seventy years old now and am able to do my own housework and walk one mile to church every Sunday morning and evening. I am recommending the Vegetable Compound to my friends having the same trouble as I had. Your remedy is the best on earth. I cannot find words to express my gratitude for it."—Mrs. STAN C. STAPLES, 157 B School St., Taunton, Mass.

EDITORIAL COMMENT. Manufacturers of ice cream, much employed by unnecessary delay in the matter of tubs and containers, are studying out some plan to secure their prompt return. A denunciation plan has been suggested but, probably would not work, because, unlike freight cars, the contents must be sold to consumers not before but after delivery. A better one is believed to be that adopted by handlers of soft drinks—to charge for the containers and to make a refund on return.

Appropos of coal mining, and the shortage and increased price of coal, the Bureau of Mines of Pennsylvania reports that for a total production of anthracite of 50,000,000 tons more than 5,000,000 tons were required in mine operations. Prof. McLaren of Princeton says that if all the mines were electrically operated from a central supply station, this eight million tons of coal would be capable of supplying the needs of the coal companies and have a balance sufficient to operate the entire power load of Greater New York, including the railways.

The above facts call attention to what everybody knows—that the waste of energy, whether coal is used for the generation of power or for heating purposes, is enormous. When fires are built in ranges or furnaces, by far the larger share of the heat, or at least of the gas which ignited would produce heat, goes up the chimney. Even in locomotives, the larger share of the actual potential energy is not used, and the same thing is true in practically every form of use of coal or wood. We are not getting all that is possible out of our coal, the energy of which runs to waste like that of water in our streams. When the coal situation becomes stringent enough, perhaps we will undertake to save by getting the most out of the natural product, not by searching out new sources of supply.

If the farmer can't make the old horse go on straw and corn-cobs perhaps he can run his car, his tractor and his stationary engine with gas made from them. That's the problem—the Department of Agriculture is struggling with. Already its experimenters have run an automobile with the new combustible and used it for lighting and cooking. If the results of these tests warrant further investigation, the experiments will be extended to the problem of plant equipment for producing the gas on a scale sufficient to allow the farmer to supply light and heat for his house, power for stationary engines, and possibly for his tractor from a small individual outfit.

If you like statistics—here are some nice ones. If all the 8,000,000 automobiles in the United States would be placed in line with four feet between each car, a procession 20,000 miles long would be formed. If the cars traveled at 20 miles an hour, it would take them six weeks to pass a given point. Some parade!

## NAMING THE NEXT PRESIDENT.

Retail Takes Straw Vote in 5,000 Stores—Predicted Wilson in 1916.

The Retail stores, which four years ago took a straw vote on the presidency and announced that Wilson would win, though practically every other similar vote in the country made Hughes the winner, has inaugurated a similar contest this year with each of the 5,000 Retail stores in the country a polling place. The straw vote began September 15, with two returns before October 1 and thereafter every day until November 2. Ballot boxes will be provided for both men and women and the poll will show not only the local vote by days, but the individual state and the national poll of all the states. The returns from the stores will be forwarded daily by telegraph to the central offices.

In Oneonta the poll will be taken at the Hudson Drug store and will begin this morning.

## OTSEGO AT STATE FAIR

Make Remarkable Showing in Junior Project Work—Prize \$2,000 Bull, Three Thoroughbred Shropshire Sheep, Pure Bred Holstein Heifer, 15 Pure Bred White Leghorns and \$110 in Money Among Winnings. Good Showing of Cattle and Sheep. Junior Project Manager Smith of Cooperstown, who returned Sunday from Syracuse, where he had been attending the State fair, brought in a very literal sense his sleeves with him, or at least report of them. For best general Junior Project work in the state, Otsego county gets the first prize, a three-year-old Canadian bull offered to the State Bankers' association. In special features of the work the Otsego surpassed, getting among other prizes, three thoroughbred shropshire sheep. These sheep were offered in three different classes, and Otsego secured all. For calf club work, it secured a five-months-old Holstein heifer, and a pen of 15 purebred Leghorns went to a foods project worker at Edinboro. Among other prizes coming to Otsego were an iris, in money amounting to \$110. The names of the prize winners, and more particulars of the contests will appear in an early issue.

## Cattle and Sheep.

With six counties competing Otsego county this year secured third prize on Holsteins. In the open classes, Otsego Holstein breeders won nine ribbons on 12 animals. Frank Potter of West Oneonta won second and third on three-year-old heifers, second in get-offer class, and Frank White of Richfield Springs won second on bull calf, and third on heifer calf in a class of 22. The Borden Farms at Richfield won first on two-year-old heifer and D. W. Morse &amp; Son of West Exeter fourth in the same class. Otsego county was the only one which exhibited only tuberculin-tested animals.

No Jerseys were shown from Otsego county, and Kent Larner of Milford and the Farm Bureau, who had got together an exhibit of Ayrshires and Guernseys for exhibit at Syracuse and elsewhere were unable on account of freight difficulties and other matters to reach the State fair.

In the sheep exhibit, Otsego made a splendid showing, securing three first and five second prizes in seven breeds. The first prizes went to Otsego Shropshires, Cheviots and Southdowns and the second to Cheviots, Hampshires, Lestershires, Oxford, and Lincoln and Cotswolds. The principal exhibitors were John Curry of Hartwick and Howard Cunningham and the Glimmergen farms of Cooperstown. Otsego wool was exhibited in six classes, winning first in coarse wool, second in one-fourth blood class, third in half blood, and independent entries won two firsts, one second and one fourth.

## CARD FROM COMMUNITY EXPERT

Believes Every Man, Woman and Child Should Boost Chamber of Commerce.

Nelson J. McKenna, who addressed the noon day lunch here on Saturday, and who is making a trans continental tour largely to give other places the inspiration of the success attained in promoting community spirit in San Fernando, Cal., before leaving yesterday for Binghamton and Johnson City, addressed the following note to the Oneonta Chamber of Commerce.

To the president and board of directors Oneonta Chamber of Commerce, Gentlemen: On behalf of Mrs. McKenna and myself, I wish to express sincere thanks for the courtesies extended to us during our brief visit to your promising city. There is no question in my mind that this city can be made one of the brightest and liveliest in the state of New York. You have every advantage and every inducement to offer to the manufacturer or business man looking for a location. I think I am justified in saying that I have found in one or two cases a lack along community spirit, although most of the business men I have talked with favor a Chamber of Commerce. There is an organization in your world that is able to put a town where it really belongs. It is that organization with the proper support. With community spirit strong there is no reason why when a man leaves to visit some other city and his card reads "Oneonta, N. Y." that his interviewer should get up and look on the map to see where it is. These things can be avoided by every man, woman and child who earns a living in the city. When the Chamber of Commerce is at stake, putting a shoulder to the wheel and giving all the support that you need.

Very truly yours, N. J. McKenna. San Fernando, Cal.

## TOMORROW IS YOM KIPUR.

Most Solemn of Jewish Holidays Begins This Evening at Sundown.

The most solemn of all days in the Jewish calendar is Yom Kippur, which begins at sunset today and ends at sunset on Wednesday, and in cities where there is a synagogue, the more faithful spend the whole day in the temple, in fasting and prayer.

Yom Kippur comes as a climax to the holiday season which began September 12 with the New Year's Day and Sunday with the New Year's Day and is continuing through the 10 days of penitence New Year's Day the judgment of those who have been neither completely righteous nor utterly sinful was left undecided and the opportunity was given them for repentance. The Day of Atonement provides all men with the possibility of finding reconciliation through prayer.

Complete abstinence from food and drink is the rule for the 24 hours which the holiday lasts. A liberal feast in every Jewish home, however, precedes the impressive services tomorrow night and follows return from services Wednesday evening.

Inquiry at various business places in Oneonta conducted by members of the ancient faith reveal that there will be no uniformity of observance of the day tomorrow. In some instances the stores and other business places will close, while in others they will remain open.

Wanted—Woman to work in the kitchen, Pioneer lunch.

# "HUNCH" SAVES HER FROM DEATH BY BOLSHIEVIKI

Miss Irma Abramowicz escaped probable death at the hands of the bolshieviki by the premonition of her mother. Miss Abramowicz was engaged to marry Dr. Bernard Cantor of Flushing, L. I., whom she met while he was doing Jewish relief work abroad. On the morning of July 5, the doctor, in company with Prof. Israel Friedlander of New York, and chauffeur, went for an auto trip to do some work. Miss Abramowicz was to join the party, but at the last moment her mother begged her not to go, as she had a premonition of danger. Doctor Cantor, Professor Friedlander and chauffeur were killed by the bolshieviki and their bodies have not been recovered. The date set for the wedding was just one week after the doctor's death. Miss Abramowicz recently arrived in New York to continue the work started by her fiancé.

## PLAY TO CAPACITY HOUSES.

Charles K. Champlin Company Open Engagement at Oneonta Theatre.  
Charles K. Champlin and his associate players began a week's engagement at the Oneonta theatre yesterday, playing to capacity houses at both performances. Cappy Ricks, one of Broadway's successes of the past season, served to bring back in prominent roles members of Mr. Champlin's company, who have won recognition here in other years and to introduce new additions to his cast.  
Cappy Ricks, capably interpreted by Charles Greer, is a rough old salt who assumes a gruff, grouchy exterior to hide his big kind heart. He glows in the power which his wealth and keen business sense give him until he meets his match in one of his employees, young Captain Matt Peaseley.  
Captain Peaseley offered wide scope for the personality of Mr. Champlin, which has made him such a favorite with local theatregoers and he took advantage of every opportunity.  
Florence Ricks, who tempers her father's strong will with girlish sweetness and charm, was happily interpreted by Miss James Hastings, while Miss Hazel Carlton gave just the proper amount of dash and spirit to the real Goldie Blake, ex-chorus girl, now secretary of Cappy Ricks.  
Worthy of special mention is Frank McMunn's portrayal of Cecil Bernard, whose father, an old friend of Cappy's, plans his marriage to Florence Ricks, but whose own inclinations lead him to lay suit to the hand of Goldie Blake. Mr. McMunn's appearance on the stage was the signal for gales of laughter from the audience.  
Mr. Champlin will present for the balance of the week: Tuesday, matinee and night, "Daddy Long Legs;" Wednesday, matinee and night, "Broadway Jones;" Thursday, matinee and night, "Crimson Alibi;" Friday, matinee and night, "Unmarried Mother;" Saturday, matinee and night, "House of Guilt."

Justice Kellogg at Rules Convention.  
Supreme Court Justice A. L. Kellogg left yesterday morning for Albany, where for some time he will be engaged as a member of the committee designated to formulate new rules for practice in the supreme court. The committee has 35 members, among them being one justice from each appellate division, one justice and one member of the bar from each judicial district, the attorney general and the chairman of the committee appointed by the legislature to simplify the practice, and to correspond with the new practice act in effect next year. The meetings will be held in the senate chamber.

### Sandwiches---

The housewife who masters the art of the sandwich has the key to good health and good appetite for her family. For the children's lunch-box sandwiches. For the unexpected guest, the Sunday night spread, the after-theatre bite—again sandwiches! For nourishment, enjoyment and convenience, at any time and all times, sandwiches!

Here is sandwich-wisdom for the woman who wants a short-cut to perfect sandwiches:

1. Use very sharp knife, cutting thin, even slices.
2. Match slices, to make neat sandwiches.
3. For hearty sandwiches leave crusts on and butter to the edge.
4. It is more economical to beat butter to cream and spread Bread before cutting slice from loaf.
5. Cooky-cutters may be used for cutting round or fancy shapes. These should be spread after they are shaped.
6. Avoid bulky fillings in making dainty smooth sandwiches.
7. Sandwiches made several hours before serving time may be kept moist by wrapping in napkin wrung dry out of hot water. Sandwiches for picnics and luncheons to be carried should be neatly wrapped in paraffin paper.

Watch for our delicious receipts. Here's the first:

#### YUM YUM SANDWICHES.

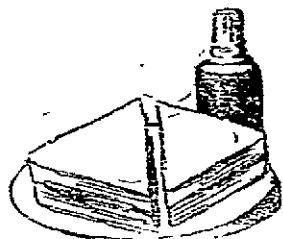

Make filling of one cream cheese, or an equal quantity of cottage cheese; two cups of minced ham and one small bunch of watercress and cream them in ham. If desired, add mayonnaise or French dressing to this filling. Spread between thin unbuttered slices of white, rye, or whole wheat Bread.

The more particular you are about your sandwich Bread, the better you will like.

#### Nye's "Nu" Bread

—the tasty loaf that always assures you fullest Bread enjoyment. Ask your grocer.

## ONEONTA FAIR

(Continued from Page Five)

Admission to the department will be 10c.

### Along the Highway.

Out on the highway the activity was a most popular feature in the exhibition. Many of the features of the highway have been in place since Saturday, including the Ferris wheel, the merry-go-round, the Whip, with a half dozen amusements and vendors of parts and accessories. The parade route is more numerous than ever. Exhibits of farm machinery, automobiles, etc., along the center highway are more than busy and all day long farm tractors, auto-diggers, trucks, loading machines, potato diggers, manure spreaders, grain drills, ensilage cutters, feed cookers, etc., have been passing up Fair street, which is one of the busiest streets in town.

### Today's Program.

Today is the first exhibition day and it gives promise of being one of the best. The roof garden attractions are on the grounds and there will be something to interest and amuse constantly. The races also will be among the best of the meet. In the 2:20 class most of the entries are flat entries and some fast ones are included. The starter will be W. F. LaHuff of Keene, N. H., who comes from Greenfield, Mass., here and is an experienced man. He sings with the band when opportunity presents and will be found capable in getting the horses off to a good start, which adds much to the interest in the races. The entries for the day are as follows:

Class No. 1—2:25 Trot, Purse \$500.  
Bintone, b. g., Frank Wicker, Ticonderoga, N. Y.

### DOE LEAVES HER FAWN

Farmer's Wife Rearing Young Deer on a Bottle.

The stock on the farm of Harvey Trump of Gamble township, near Williamsport, Pa., has been increased by the addition of a fawn which requires more care than any other animal on the farm. When Mrs. Irving went on the meadow field the other evening to drive home the cows she discovered a doe and its fawn in the herd.

When the doe saw the woman it ran and deserted the fawn, which Mrs. Trump picked up in her arms and carried to the barn. The fawn now occupies a stall in the cow shed and is being cared for by members of the farmer's family, who were shown by a game protector how to feed it with a bottle. Three times a day the fawn is given a bottle filled with warm milk.

For several weeks John Ely, also of Gamble township, has been caring for a fawn that came to his farm for protection when its mother was chased by dogs. Ely plans to rear the deer until it is old enough to take care of itself when he will release it in the woods near his home with the hope that the present treatment will tend to make it a frequent visitor to the Ely farmhouse.

### HELD DEAD, RETURNS RICH

Dentist Surprises His Maryland Relatives After 25 Years' Absence in Alaska.

Cumberland, Md.—Dr. Thomas McElfish, dentist, who left for Alaska 23 years ago and was given up for dead, surprised relatives by appearing, a vigorous, wealthy man.

Doctor McElfish at one time practiced in Martinsburg, W. Va. He went to Alaska with Mr. and Mrs. C. Gilpin Lashley in search of gold. The Lashleys soon returned.

Doctor McElfish prospected and accumulated wealth, which was lost in an investment. Since then he has acquired a fortune in trapping. He is so enamored of outdoor life that he has pitched a tent near Flamingo, where he will remain several weeks before returning to Alaska.

### Patton's Narrow Escape.

John Patton of this city is in receipt of a letter from Mrs. Gordon J. Patton in New York stating that her son, Robert Patton, a young man of 15 years of age, who spent the past summer at Hazyland camp on Canadaraugus lake, narrowly missed being in front of the office of Morgan & company at the time of the recent bomb outrage there. He had been sent to deliver a bond to an office nearly opposite the Morgan office, but stopped to eat lunch in the Equitable building and had just entered when the explosion took place. He is employed at the corner of Wall and Broad streets.

## FUNERAL OF CELIA CATHERINE KANE

The funeral of the late Celia Catherine Kane, elder daughter of Mr. and Mrs. James E. Kane, was held at 2 o'clock Monday afternoon at the family home, 11 Morgan avenue. There was a large attendance of relatives, friends and neighbors, and of the young friends of the deceased at the public and Sunday schools, the boys being lined and many unable to find room within. The service was conducted by Rev. Dr. Edson J. Farley of the First Baptist church, who read appropriate passages of scripture and followed with an affecting address in which he paid heartfelt tribute to one whom he had known as a member of the Sunday school and an active helper in the services of his church.

Following the service the body was taken to the Plains cemetery for interment. The bearers were Joseph William and Edward Kane of Sayre, Pa., and Edward Preston of Oneonta. The three first-named were cousins of the deceased. There was a profusion of floral offerings, including besides those from relatives, neighbors and friends, several pieces from the grades of the public school and from the First B. dist and Elm Park Sunday schools and Oneonta to the No. 415, F. & A. M. The flower bearers were Clarence Preston, Kenneth D. Adams, Adalbert Perkins, and Stanley D. Adams and the Misses Eleanor Hutchinson, Elida Ellsworth, Mildred Perkins and Dorothy Young.

In addition to those above-named Miss Margaret Kane of Sayre, Pa., and Mr. and Mrs. J. J. Kane and daughter, Gloria, of Rochester, were among the relatives present from out of the city.

### Death of Infant Son at Oakland, Cal.

Mr. and Mrs. E. J. Conard of Oakland, Cal., are mourning the loss of their infant son, Norman Gardner Conard.

Death occurred at the Fabiola hospital in that city September 19th, three weeks after birth. The little body was laid away in the Conard family plot in Oak Hill cemetery at Red Bluff, Cal.

Mrs. Conard before her marriage a year ago was Miss Martha Gardner, formerly of this city.
